

**NASAKSC TABLE OF CONTENTS - August 2023**

**DIVISION 01 - GENERAL REQUIREMENTS**

- 01 33 00 08/18, CHG 4: 02/21 SUBMITTAL PROCEDURES  
general procedures regarding submittals, data normally  
submitted for review to establish conformance with the  
design concept and contract documents
- 01 42 00 11/14 SOURCES FOR REFERENCE PUBLICATIONS  
listing of organizations whose publications are referenced  
in other sections of the specifications.
- 01 91 00.00 98 08/12 COMMISSIONING  
Sustainability and U.S. Green Building Council (USGBC)  
requirements for Commissioning

**DIVISION 02 - EXISTING CONDITIONS**

- 02 82 13.00 98 07/20 ASBESTOS ABATEMENT  
requirements for asbestos demolition, construction and  
abatement requirements at Kennedy Space Center (including  
NASA/KSC facilities at Cape Canaveral Air Station)

**DIVISION 09 - FINISHES**

- 09 90 00.00 98 07/20 PAINTING AND COATING  
the general requirements, materials, surface preparation,  
material preparation, and coating systems for exterior and  
interior on-site painting.
- 09 97 30.30 98 11/12 PROTECTIVE COATING OF  
[CARBON][STAINLESS][STEEL][ALUMINUM]  
ON [STRUCTURES][FACILITIES][GROUND  
SUPPORT EQUIPMENT]  
the application of protective coatings to mitigate  
corrosion of exterior exposed carbon steel, stainless  
steel, and aluminum

**DIVISION 21 - FIRE SUPPRESSION**

- 21 13 00.00 98 07/20 FIRE SUPPRESSION SPRINKLER SYSTEMS  
wet and dry fire protection sprinkler systems, hydrants,  
standpipe equipment, and firehose stations
- 21 22 00.00 98 07/20 CLEAN AGENT FIRE EXTINGUISHING SYSTEMS  
clean agent fire extinguishing systems
- 21 23 00.00 98 07/20 WET-CHEMICAL FIRE-EXTINGUISHING SYSTEMS  
pre-engineered wet chemical fire extinguishing systems for  
protection of cooking equipment, including exhaust hoods,  
ducts, and related work
- 21 30 00.00 98 07/20 FIRE PUMPS

internal combustion engine and electric motor driven fire pumps and associated equipment

**DIVISION 26 - ELECTRICAL**

- 26 05 13.00 98 08/12 MEDIUM VOLTAGE CABLES  
medium voltage cables, including 5 kV and 15 kV shielded single-conductor power cables, cable splices and terminations, potheads, and fireproofing cables in manholes
- 26 05 19.33 98 07/20 MINERAL-INSULATED (MI) CABLE  
this KSC local specification covers mineral insulated (MI) electrical cables.
- 26 05 63.00 98 07/20 COORDINATED POWER SYSTEM PROTECTION  
AND ARC FLASH ANALYSIS  
the coordinated protection and arc flash analysis and labeling of electrical power systems
- 26 23 00.00 98 07/20 LOW-VOLTAGE SWITCHGEAR  
switchgear and switchboards of special design or configuration

**DIVISION 27 - COMMUNICATIONS**

- 27 05 26.00 98 09/09 GROUNDING AND BONDING FOR  
COMMUNICATIONS SYSTEMS  
electrical system and equipment grounding including ground rods, grounding conductors, connectors, and other accessories for small jobs
- 27 11 00.00 98 07/20 COMMUNICATIONS EQUIPMENT ROOM FITTINGS  
Communication/Equipment Room and Entrance Facilities.

**DIVISION 28 - ELECTRONIC SAFETY AND SECURITY**

- 28 31 00.00 98 08/23 FIRE DETECTION AND ALARM  
fire-alarm and detection equipment
- 28 31 33.00 98 07/20 AIR SAMPLING DETECTION SYSTEMS (ASDS)  
air sampling detection systems
