Specs Intact

2007 NASA Facility Engineering & Real Property Conference

Presented By:
Patricia Robinson and Cheryl Fitz-Simon
Specs Intact
&
Unified Facilities Guide Specifications
Progression of Major Steps Forward
Progression of Major Steps Forward

- Coordination and adoption of MOU between DoD and NASA
- Joint Effort to Comply with CSI MF2004
  - Renaming and Renumbering to new 50 Division Format
- Merging NASA and DoD Unified Master Reference List (UMRL)
- Agreement Proposed and Accepted by DoD for Editing of UFGS Database
Progression of Major Steps Forward

- Major realignment between Government Agencies and Construction Industry
  - Cobie
  - BIM
  - Uniforinat
Progression of NASA Specifications
NASA Merging with Unified Facilities Guide Specifications (UFGS)

- 2004 Started Gap Analysis of NASA, NAVFAC, and USACE Specifications
- NASA’S Original Database Consisted of 221 Specifications
NASA Merging with Unified Facilities Guide Specifications (UFGS)

- Original NASA Database Consisted of 221 Specifications
  - 36 Previously Merged
  - 60 Deleted (Redundant with UFGS)

- Current Database Consists of 125 Specifications
  - 12 NASA Unique Specifications
  - 8 Submitted for Review and Merger
  - 62 In Review with SGS-DE or UFGS Discipline Working Group (DWG)
Unified Facilities Guide Specifications (UFGS)
Unified Facilities Guide Specifications (UFGS)

- 836 Specifications Contained in UFGS
  - 334 Specifications Preparing Activity
    is NAVFAC
  - 377 Specifications Preparing Activity
    is USACE
  - 125 Specifications Preparing Activity
    is NASA
Unified Facilities Guide Specifications

- **UFGS Follows CSI MasterFormat™ 2004**
  - Supports Divisions 00-49
  - UFGS unified for use by all participating agencies have a level 3 or level 4 MasterFormat™ number
  - UFGS that are agency-specific have a fifth level number indicating it as an agency specific
  - A specification that has a fifth level number
    - "10" indicates USACE
    - "20" indicates NAVFAC
    - "30" indicates AFCESA
    - "40" indicates NASA
Unified Facilities Guide Specifications

• Unified Master Reference List (UMRL)
  - Document lists publications referenced in the Unified Facilities Guide Specifications
  - Establishes requirements for the work
  - The UMRL is maintained up-to-date on a continuing basis
  - A tool used in SpecsIntact for automatic reference updating
  - Guide Specification Section 01 42 00 SOURCES FOR REFERENCE PUBLICATIONS include all organizations listed in the UMRL
Unified Facilities Guide Specifications (UFGS) Sustainability
Leadership in Energy and Environmental Design (LEED™) documents represent the U.S. Green Building Council's efforts to develop a standard. Improves environmental and economic performance of commercial buildings and equipment. Uses established and/or advanced industry principles, practices, materials and standards.
UFGS Sustainability

• SECTION 01 33 29 LEED™ DOCUMENTATION (07/06)
  
  ➢ Covers the requirements for providing documentation and obtaining certain credits to acquire LEED™ certification

  ➢ Projects are not registered with USGBC for validation of credits earned

  ➢ Validation of credits earned will be accomplished by the Government
UFGS Sustainability

- **SECTION 01 62 35 RECYCLED / RECOVERED MATERIALS (07/06)**
  - Covers the requirements for use of products containing recycled or recovered materials
  - Implementation of Resource Conservation and Recovery Act RCRA
  - Promotes the use of products containing recycled materials
  - Cost effective manner, items containing the highest percentage of recycled and recovered materials
UFGS Sustainability

- US Green Building Council (USGBC) Collaborating Organizations referenced within the UFGS
  - Carpet and Rug Institute (CRI)
  - Master Painters Institute (MPI)
  - National Association of Corrosion Engineers (NACE)
  - The Society For Protective Coating (SSPC)
• SECTION 09 68 00 CARPET (01/07)

➢ Green Council

• Carpet and Rug Institute's (CRI) Green Label Indoor Air Quality program

• Volatile organic compounds (VOCs) are organic chemical compounds that have high enough vapor pressures under normal conditions to significantly vaporize and enter the atmosphere

NAVFAC LEED Self-Certified Buildings

- NAVFAC Northwest
  - Waterfront Shops at IMF (FY03 P174), NBK Bangor, WA – Certified Level
  - HAZMAT Warehouse (FY05 P049), NAS Whidbey Island, WA – Certified Level
  - Design calcs/manufacture data - 20% water savings and 20-25% energy savings
  - CVN Maintenance Complex (FY05 P346), PSNS, WA – Certified Level
  - BEQ (FY06 P-155), NAVSTA Everett, WA – Certified Level
NAVFAC LEED Self-Certified Buildings

- NAVFAC Southwest
  - AIRCRAFT FIRE RESCUE STATION (FY04 P-095), MCB Camp Pendleton, CA - Certified Level
  - BOQ (FY04 P-198), Naval Postgraduate School, CA – Silver Level
  - Educational Facility Repl. Phase 2 (FY04 P-203), Naval Postgraduate School, CA – Certified Level
  - Renovate Aircraft Maintenance Hanger (FY04 P-217), NAS Lemoore, CA - Certified Level
  - Taxiway/Control Tower (FY04 P-748), NAS North Island San Diego, CA - Certified Level
NAVFAC LEED Self-Certified Buildings

• NAVFAC Southwest (Continued)
  - Squadron Operations Facility (FY04 P-751), NAS North Island San Diego, CA – Certified Level
  - Warfare Assessment Lab Addition, (FY05 P-008), NSWC Corona, CA - Certified Level
  - BEQ (FY05 P-014), MCB Camp Pendleton, CA – Silver Level
  - Consolidated OPS Center (FY05 P-032), MCB Camp Pendleton, CA – Certified Level
  - BEQ (FY05 P-440), MCAS Yuma, AZ - Certified Level
• NAVFAC Southwest (Continued)
  ➢ Operational Training Center (FY05 P-614), 29 Palms, CA – Certified Level
  ➢ Reclamation/Conveyance Facility, Phase 1 (FY06 P-110), MCB Camp Pendleton, CA – Certified Level
  ➢ Advanced Sensors Integration Facility, (FY06 P-121), NAWS China Lake, CA - Certified Level
NAVFAC LEED Self-Certified Buildings

- **NAVFAC Midlant**
  - Mission Support Facility (FY04 P-251), NTC Dam neck, VA – Certified Level
- **NAVFAC Washington**
  - Defense Intelligence Center Addition Bolling AFB, Washington, DC – Certified Level
  - Presidential Helicopter Programs Support Facility (FY06 P-159A), NSWC Patuxent River, Patuxent River, MD – Certified Level
  - Presidential Aircraft Maintenance Hangar (FY06 P-448A), MCB Quantico, Quantico, VA – Certified Level
NAVFAC LEED Self-Certified Buildings

• NAVFAC Washington
  - Wesley Brown Field House (FY06 P-334), USNA, Annapolis, MD – Certified Level

• NAVFAC Midwest/NAVFAC Southeast
  - RTC Barracks (FY01), Naval Training Center, Great Lakes, IL – Silver Level
  - RTC Barracks (FY02), Naval Training Center, Great Lakes, IL – Silver Level
  - RTC Barracks (FY04 P-736), Naval Training Center, Great Lakes, IL – Certified Level
NAVFAC LEED Self-Certified Buildings

RECYCLED / RECOVERED MATERIALS

04/06

PART 1 GENERAL
1.1 REFERENCES
1.2 OBJECTIVES
1.3 EPA DESIGNATED ITEMS INCORPORATED IN THE WORK
1.4 EPA PROPOSED ITEMS INCORPORATED IN THE WORK
1.5 EPA LISTED ITEMS USED IN CONDUCT OF THE WORK BUT NOT INCORPORATED IN THE WORK
SECTION 00 62 35
RECYCLED / RECOVERED MATERIALS
04/06

PART 1 GENERAL

1.1 REFERENCES

The publications listed below form a part of this specification to the extent referenced. The publications are referred to within the text by the basic designation only.

40 CFR 247
Comprehensive Procurement Guideline for Products Containing Recovered Materials

1.2 OBJECTIVES

Government procurement policy is to acquire, in a cost effective manner, items containing the highest percentage of recycled and recovered materials practicable consistent with maintaining a satisfactory level of competition without adversely affecting performance requirements or exposing suppliers' employees to undue hazards from the recovered materials. The Environmental Protection Agency (EPA) has designated certain items which must contain a specified percent range of recovered or recycled materials. EPA designated products specified in this contract comply with the stated policy and with the EPA guidelines. The Contractor shall make all reasonable efforts to use recycled and recovered materials in providing the EPA designated products and in otherwise utilizing recycled and recovered materials in the execution of the work.

1.3 EPA DESIGNATED ITEMS INCORPORATED IN THE WORK
• XML is now a mainstream technology
• Industry is rapidly adopting
• AG, IBM, Sun, Microsoft, Netscape, DataChannel, SAP and many others have already announced support for XML
• Will provide more flexibility and benefits
• Providing a Style Sheet allows the display of well formed documents in most browsers
• SpecsIntact became fully XML compliant in v4.2.0.785
• The new software works with both the new XML and older SGML formats simultaneously and transparently
• The new XML format will be incompatible with prior SpecsIntact software versions
• The XML Guide Specifications and software was released and distributed at the same time
CSI MasterFormat™ 2004

- **Software**
  - Supports MasterFormat 2004
  - Supports both MasterFormat 1995 and MasterFormat 2004
  - File name increased from 6 alpha/numeric characters up to 14 numeric characters
  - 00 00 00.00 00
  - First three levels are mandatory
  - Last two levels are optional
  - Will use the fifth level to indicate the agency
  - Supports the new Division Numbers
• **Guide Specifications**
  - Were converted and available by the April 2006 release
  - Guide Specifications and software were released and distributed at the same time
  - Will be maintained in MasterFormat 2004 only
  - Will not disassemble the Submittal Procedures Section (currently 01330 – MF 01 33 00)
  - Will not disassemble the Sources for Reference Publications (currently 01420 – MF 01 42 00)
SI Explorer’s Drag & Drop

- SI Explorer now provides the capability to drag & drop sections from Windows Explorer to the SI Explorer.
Global Search & Replace

- Provides capability to Search / Replace text for an entire Project or Master.
Global Settings

• Allows you to store specific settings with a Job
• Units of Measure Options
  ➢ Controls the SI Editors view options as well as the Process/Print options
• Revisions Option
  ➢ Sets the SI Editor to automatically use and view Revisions
• CSI MasterFormat Version
  ➢ Is defaulted to the MasterFormat Version of the Primary Master
Publishing to PDF and Word

• Built in Feature to Publish the Guide Specifications to PDF or Word
  ➢ Must first select the Project Table of Contents and/or Section Table of Contents
Publishing to PDF and Word

• Publishing to PDF
  ➢ Features:
  • Bookmark Sections
  • Bookmark Section Table of Contents
  • Ability to Combine Job into one PDF document
SI Editor’s Reference Wizard
Reference Wizard

SECTION 08 44 13

GLAZED ALUMINUM CURTAIN WALL

PART 1 GENERAL

1.01 SECTION INCLUDES
A. Aluminum-framed curtain wall, with vision glazing and glass, metal, and stone infill panels.
B. Associated louvers.

1.02 RELATED SECTIONS
A. Section 03 30 00 - Cast-In-Place Concrete: Weld plates embedded in concrete for attachment of anchors.
B. Section 05 12 00 - Structural Steel Framing: Steel attachment members.

1.03 REFERENCES
A. AA DAF-45 - Designation System for Aluminum Finishes; The Aluminum Association, Inc.
B. AAMA CW-10 - Care and Handling of Architectural Aluminum From Shop to Site; American Architectural Manufacturers Association

PART 2 PRODUCTS

2.01 MANUFACTURERS
A. The design is based on ABC Manufacturing Company’s XYZ Series curtain wall.
B. Other Acceptable Manufacturers:
   1. 
   2. 
   3. Substitutions Procedures: See Section 01 25 00
